* The fee policy (EO 661) requires the campus to use local financial aid grant, work study, and waiver programs to offer financial aid adequate to meet additional student need resulting from increases in campus mandatory fees or the establishment of new campus mandatory fees. Local financial aid programs need to be designed and implemented to accomplish this policy objective. The fee policy requires that local financial aid program budgets be increased permanently in the year the fees are adjusted or established by not less than an amount equal to one third of the additional revenue resulting from an increase in campus mandatory fee levels.

Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular quarter or semester has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by the Board of Trustees.
