Graduate Education Program

Admission Requirements. Enrollment in a KSOEHD master's degree or advanced credential program requires that separate applications for admission be completed for the university and the KSOEHD.

Students may not enroll in 200-level courses until they have been admitted to the appropriate program.

University Admission Requirements. Applicants are required to complete the California State University Application for Graduate Admission. In addition to this form, and among other requirements, the applicant is expected to provide evidence of an appropriate four-year B.A. or B.S., scores on the Graduate Record Examination (GRE) or the Miller Analogies Test (MAT), and a minimum GPA of 2.5 on the last 60 (90 quarter) units attempted. University applications are available online at www.csumentor.edu.

Application Deadlines

University Admission Deadlines. University deadlines for graduate admission applications normally are set during the semester prior to anticipated program enrollment. For specific deadlines, applicants need to check online at www.csumentor.edu, or call 559.278.4073.

KSOEHD Admission Deadlines

All school admission materials required for full admission (classified standing) are to be submitted to the graduate technician in the Certification and Graduate Programs Office, ED 151. For specific KSOEHD admission deadlines, contact the Certification and Graduate Programs Office, ED 151, call 559.278.0299, or check the KSOEHD Web site at <http://education.csufresno.edu>. Students submitting all application material within these timelines will receive priority consideration for admission.

Applicants who have not completed all requirements for full admission (classified standing) by the University admission deadline must meet with their program coordinator. For master's degree candidates, no more than 9 units of transfer and/or California State University, Fresno Extension credit may be included in the 30-unit program, or no more than 18 units in the 60-unit program.

Applicants must complete all program application requirements prior to the first semester of enrollment in a specific credential or degree program. Early completion of application materials assures timely review and written notification of admission status.

Program Faculty Review. Following submission of all application requirements, the program faculty representing each graduate program reviews the application. Notification is then sent regarding whether or not admission has been granted.

Appeal of Admissions Decision. Applicants who have received written notification of denial of admission have an opportunity to submit a formal appeal for special consideration. Appeals for master's degree applicants are reviewed by program faculty, and appeals for advanced specialist and services credential program applicants are reviewed by the KSOEHD Admissions and Standards Committee. An appeal for special consideration must be submitted within two weeks of the date of the letter of denial in order to be considered by the program faculty during the same semester. Information regarding this process is obtained from the technician in the Certification and Graduate Programs Office, ED 151.

Graduate Writing Requirement

In keeping with California State University, Fresno's Graduate Writing Requirement (GWR), all students enrolled in the various master's degree programs must demonstrate competence in graduate-level writing prior to being advanced to candidacy for a master's degree. The Graduate Writing Requirement is designed to determine students' ability to write clearly, logically, analytically, and knowledgeably. Each program designates specific course(s) to meet the Graduate Writing Requirement. Should the student receive a passing grade in the course content but fail to demonstrate adequate writing competence, there is an appeals process. Specific course information can be found in each program's requirements.
