

Beginning Autoharp

The autoharp is a folk instrument that lends itself well to classroom use. Classroom teachers and other students will learn strumming rhythms following a four-step method in a relaxed, fun environment. Beginners and accomplished musicians alike will finish the program with a repertoire of folk songs suitable for the classroom. Activities include developing playing skills; learning basic music theory; transposing on the autoharp; playing familiar folk songs; and practicing ear-training techniques. Autoharps may be rented for an additional \$10 fee or bring your own (pre-tuned if possible). A packet of songs will be provided. The class is appropriate for education and music students and anyone wishing to learn folk style autoharp. Complete beginners are encouraged to enroll!
