

ASI Quick Reference Guide

Over-the-Counter Medicine

Over-the-counter (OTC) medicines and products are reimbursable under a Health Care Flexible Spending Account (HCFSA) when the OTC product is used for medical purposes. ASI allows the same expenses as those allowed by the IRS. Below is a description of the three IRS-defined categories, followed by product examples for each.

Eligible OTC Medical Care Expenses

- Eligible items include medicines or products that alleviate or treat injuries or illness for you and your dependents. These drugs and products are not cosmetic in nature, or merely beneficial to your general health. Claims for OTC medicines and products must include an adequate receipt accompanied by the ASI claim form. An adequate receipt states the name of the medicine or product, the date, and the amount paid. You do not need to provide a statement from a medical provider or indicate a diagnosis in order to receive reimbursement.

Dual-Purpose Products

- Certain OTC products are considered dual-purpose, such as vitamins and supplements. That's because for some individuals, the product is used to alleviate a medical condition, while others use the product for general health and well-being. These products may be eligible for reimbursement, but require **a Letter of Medical Necessity stating your specific diagnosis or medical condition, a recommendation to take the specific OTC medicine to treat your condition, and documentation of the product and cost. ASI provides a Letter of Medical Necessity to assist you in submitting this information.**
- If you have a condition that requires a specialized general purpose item (i.e. special laundry detergent due to allergies) and you have a letter of medical necessity, you can claim the difference in cost between the specialized detergent and the regular detergent. You must submit a statement or printout showing how much a "comparable" non-medicated product costs.

Excluded Items

- OTC products that are not medicines or that merely benefit your general health are NOT reimbursable, such as vitamins without a Letter of Medical Necessity (LMN).

Reimbursement for OTC medicines still follow the existing rules regarding FSAs. The expense(s) must:

- *Be incurred during your period of coverage*
- *Not be reimbursed through another plan*
- *Be substantiated by a detailed receipt*

Please note that stockpiling OTC medicines or items is not allowed and that requests for quantities deemed to be stockpiling will be denied.

Eligible OTC Expenses include medicines or products that alleviate or treat injuries or illness for you and your dependents. You do not need to provide a statement from a medical provider or indicate a diagnosis in order to receive reimbursement.

Type/Class of Drug or Product	Examples
Allergy Prevention and Treatment	Actifed Allerest Benadryl Chlor-Trimetron Claritin Contac Nasal crom Sudafed
Analgesics/Antipyretics	Aspirin Advil Alleve Ibuprofen Naprosyn Tylenol Midol Pamprin Premysyn PMS
Antacids and Acid Reducers	AXID AR Gas-X Maalox Mylanta Tums Pepcid AC OTC Prilosec Tagamet HB Zantac 75
Antibiotics (topical)	Bacitracin Neosporin Triple antibiotic ointment
Anticandial (yeast)	Femstat 3 Gynelotrimin Mycelex-7 Monistat 3 Vagistat-1
Antidiarrheal and Laxatives	Ex-Lax Immodium AD Kaopectate Pepto-Bismol
Antifungal	Lamisil AT Lotramin AF Micatin
Antihistamines	Actidil Actifed Allerest Benadryl Claritin Chlor-Trimetron Contac Drixoral Sudafed Tavist Triaminic
Anti-itch Lotions and Creams	Bactine Benadryl Caldecort Caladryl Calamine Cortaid Hydrocortisone Lanacort Lamisil AT Lotramin AF
Asthma Medicines	Bronitin Mist Bronkaid Bronkolixer Primatene
Cold Sore/Fever Blister	Abreva Cream Herpeclin
Cold, Flu, Decongestant and Sinus Remedies	Actidil Actifed Advil Cold and Sinus Afrin Alka Seltzer Cold and Flu Afrinol Alleve Cold and Sinus Children's Advil Cold Contac Dayquil Dimetane Dristan Long-Lasting Drixoral Neo-Synephrine 12- Hour Nyquil Orrivin Pediacare Sudafed Tavist-D Thera-flu Triaminic Tylenol Cold and Flu Cough Drops Nasal Sprays Throat Lozenges
Contraceptive / Family Planning	Ovulation predictor kits Pregnancy tests Spermicides Condoms
Cough Suppressants or Expectorants	Robitussin Vicks 44 Chlorasptic Mucinex Cough drops Throat lozenges
Dehydration	Pedialyte
Dental/Denture Care	Orajel Anbesol Poligrip
Diaper Rash	Aquaphor Balmax Desitin
Ear Care	Ear drops Ear wax removal
Eye Care	Contact lens supplies Eye drops Reading glasses Eye patches
First Aid / Medical Supplies	Antiseptics Witch Hazel Peroxide Bandages First aid kits Cold/hot packs for injuries Joint supports (ankle, elbow, knee, wrist) Rubbing alcohol Ace wraps Splints Thermometers Liquid adhesives
Foot Care	Arch and insole supports Callous removers Athlete's Foot products (see anti- fungal) Bunion, blister and corn treatments
Hemorrhoidal Preparations	Preparation H Hemorrhoid Tronolane
Home Diagnostic Tests or Kits	Blood pressure (monitor and related equipment) Cholesterol Diabetic equipment and supplies Colorectal screenings HIV test
Lactose Intolerance	DairyCare Dairy Relief Lactaid Lacteeze Lactrase
Menstrual Cycle	Midol Pamprin Premysyn PMS
Migraine Relief	Advil Migraine Motrin Migraine Excedrin
Motion Sickness	Dramamine Marizine
