

## **PEACE GARDEN Women of Peace Nomination Form**

The woman selected for the next Peace Garden monument should be an inspiring individual. She should have excelled, during her life, at work related to the mission of the Peace Garden, including one of more of the following:

- Promoted understanding, tolerance, and mutual respect among people.
- Was an activist for positive social changes based on the philosophy of nonviolence.
- Worked to oppose prejudice, discrimination, and oppression.
- Made a significant impact in paving the way for a just and humane social order.

The nominated woman should have completed their lives. She does not have to be famous, since her presence in the Peace Garden would also serve to educate people about the kind of work she did in her life. Name recognition, though, would be a plus.

Names of nominated women will be presented to the students who will be researching their accomplishments, so you do not have to provide too much here. However we would like to know the general area of her life's work and why you think we should consider her for the Peace Garden. Thanks for your help with this project!
