

University Police Department California State University, Fresno 2009 Annual Security Report

CRIME STATISTICS

The following crime statistic tables reflect the mandatory reporting offenses as specified in the Jeanne Clery Act. The tables display crime data over the past three calendar years and are separated by crimes occurring on university property (crimes occurring at student housing are also included in the University Property chart), crimes occurring off university property at recognized organizations, and crimes occurring on the bordering streets of the university. The Disciplinary Referrals table specifies the number of referrals to the Judicial Affairs Officer and number of incidents adjudicated by the Director of Student Housing. Students attending classes applicable to the University at the College of Sequoias Junior College in Visalia can obtain the same crime information via their annual campus crime and security report at that venue. The following reported numbers may be duplicated in more than one reporting area.
