

**The Dream**

by Diana-Wolf

~\*~ For angel ~\*~

I'm walking,  
And there you are  
I'm searching,  
and you are here  
I'm wandering,  
and where I go,  
you are beside me.

I keep waiting  
For the pinch  
That will awaken me from the dream that is you.

When it does not come,  
I am not sad,  
More than that...  
I am quite content to feel the light of your love  
shining around me,  
through the darkest nights,  
and outshining the sun on the brightest.

You'll always be my dream  
Come true.  
The shining light in my life.  
The one I turn to,  
the one I love.
